Thank You

Heidi Super  
Sept. 16<sup>th</sup>  
SBHE Meeting  
Research and Governance Committee

"Being part of Minot State undergraduate research community helped me build the confidence and skillset to even see myself as a future scientist. When I say, undergraduate research opens up avenues not just for career but for life- I see myself as an example. Undergraduate research at Minot State first helped me dream and then equipped me to fulfill my dream."

Bikalpa Ghimire

BA Biology 2109
